COMPANY OVERVIEW

MTS Moose Tech Solutions L.L.C. is a Small Business providing artificial intelligence, custom software development, cloud solutions, IT consulting, systems integration, automation, and managed technology services to federal, state, local, and commercial organizations. We design, develop, deploy, and support secure, scalable platforms that modernize workflows, reduce manual processes, and support mission-critical objectives — with hands-on operations across Microsoft Azure, Amazon Web Services, and Google Cloud.

CORE COMPETENCIES

Artificial Intelligence & Automation

AI agents, LLM integrations, workflow automation, document intelligence, and operational copilots.

Custom Software & SaaS Development

Full-stack web/mobile platforms, SaaS architecture, CRM systems, and API-first design.

Cloud & Platform Engineering

Multi-cloud across Microsoft Azure, AWS, and Google Cloud; Microsoft 365, Entra ID, and migration.

Systems Integration & Data

REST/GraphQL APIs, integrations, ETL pipelines, analytics, and executive dashboards.

IT Operations & Cybersecurity Support

IT consulting, endpoint management, identity & access, infrastructure, and security hardening.

Technical Staffing & Advisory

IT staffing, engineering resources, cloud specialists, and fractional CTO services.

REPRESENTATIVE EXPERIENCE

Enterprise IT & Multi-Cloud Ops — Azure, AWS, Google Cloud, Microsoft 365, Entra ID, Intune, identity & endpoint management.

Fractional Technology Leadership — Strategy, architecture, product development, and executive technology oversight.

Custom SaaS & CRM Development — Full-stack platforms, auth, roles, dashboards, workflows, and reporting.

AI-Powered Workflow Automation — Intelligent agents, document handling, data enrichment, and decision support.
